**FLY DRO!**

# ***What's on the Radar at the Durango—La Plata County Airport***

## **Blips:**

- Are winter snowstorms behind us? Our crews work hard to keep runways, taxiways and aprons clear for all aeronautical operations at DRO. Please call the Operations Duty Phone if you see areas of concern: (970) 759-4342.
- Is your GA Badge up to date? Contact the DRO Security Office within 30 days of the expiration date. Please allow at least 2 weeks for them to process your renewal. This will help ensure continued access!

Find the form here:

## **New Parameters Approved for Hangar Leases**

On Thursday, January 21, 2021, The DRO Airport Commission approved an updated leasing policy which outlines the parameters for new hangar leases. This may impact future requests from existing lessees for new or extended lease terms.

This updated leasing policy will be posted soon our website:

## **New Private Hangar Development**

Two new projects to construct new private hangars at the north end of the DRO property are now in progress.

Visit this webpage to view their fliers:

## **SEND US YOUR UPDATES!**

As a Part 139 commercial airport, we are required to keep track of hangar ownership and aircraft on the premises, as well as any subleases which may be in place.

Please be sure to contact DRO Airport Administration any time a change occurs at your hangar.

Forms are available on our website:
